BEACHTEK DXA-8, DXA-6, or DXA-2 XLR ADAPTER	\$ 20.00
CANON MA-200 Adapter	\$ 40.00

Rental Deposits:

We require a CC with a credit limit available to match the value of the gear you rented.

That will go in as an authorization/hold rather than a charge. It will not show up on the statement.

We will release the hold once the gear is back. Insurance is also recommended in case of damage.

We will substitute the CC deposit for insurance if the insurance comes directly from your insurance company to us as a fax, with EVS on the certificate as the "certificate holder". Our address is 1620 Flower Street, Glendale, CA 91201.

The policy has to be current and valid, with a cover letter from your agent, who we can call to verify the policy with.

Your name has to appear in the "insured" box at the top. If only your company name appears,

we need a letter from your company naming you as an employee,

or an article of incorporation/LLC document naming you as the president/owner with the correct address.

In the "limits" box, it has to specify "rental equipment" and cover the value of the gear rented, usually \$40-\$50,000.

In the "description" box, "Certificate holder is included as loss payee with respects to rented audio/video equipment".
